

DIANA PINZON

Tunja, Boyacá, Colombia | dianapinzon577@gmail.com | [linkedin.com/in/dianapinzonreyes](https://www.linkedin.com/in/dianapinzonreyes) | portfoliodiana.netlify.app

PROFESSIONAL SUMMARY

Marketing automation and digital marketing professional working remotely with companies and sales teams. Builds workflows in n8n, Zapier and GoHighLevel that connect CRM, prospecting and email; complements the operation with web development (React, Astro, Vite, Webflow), automated campaigns and conversion-focused communication. Combines a background in psychology with hands-on data and quantitative analysis, including applied health research.

EXPERIENCE

Co-founder — Automation & Growth 2026 – Present
Vulcano Remote

- Co-founded a software, data and process-automation engineering studio serving companies across LATAM, Spain, the United States and the United Kingdom.
- Leads automation and growth: workflow design, lead generation, CRM operations and content strategy.

Marketing Automation Specialist Apr. 2026 – Present
On My Way Remote

- Designs, tests and maintains WhatsApp conversation flows between bots and customers to qualify, route and follow up on enquiries consistently at scale.
- Builds and documents GoHighLevel (GHL) automations —pipelines, follow-ups and CRM touchpoints— so sales and marketing stay aligned and reproducible.
- Develops and tunes Webflow marketing pages (structure, forms and tracking) for campaigns, landing pages and funnel conversion.
- Runs webinars and lead capture with Jotform, Wistia and related tools for registrations, leads and structured post-event follow-up.

Virtual Assistant & Automation Support May 2025 – Mar. 2026
CFOPro LLC Remote

- Developed internal web applications with React, Astro and Vite to support business operations, building centralized dashboards and automated resource-management systems.
- Implemented comprehensive automation workflows in n8n integrating CRM (ClickUp), lead-generation tools (Apollo, LinkedIn Sales Navigator) and email platforms (SalesHandy), eliminating manual processes.
- Designed and ran automated LinkedIn outreach and cold email campaigns with intelligent segmentation and personalized sequences, generating qualified leads.
- Created and managed automated newsletter systems and email marketing campaigns with custom scripts and workflow automation, improving response rates and reducing operational time.

Copywriting & Personal Branding (freelance) 2024 – 2025
Independent Remote

- Developed personal branding and digital communication strategies for technology professionals, using automated content workflows and AI-powered tools.
- Applied consumer psychology and data-driven communication to targeted messaging campaigns that increase engagement and conversion.

Research Lead Jun. 2024 – Present
Clinical and Health Research Group (Clínica y Salud) Tunja, Colombia

- Member of the group specializing in data-driven methodologies and quantitative analysis; leads a study on the impact of social media on adolescent social skills, applying statistical analysis and research automation to large datasets.

EDUCATION

BSc in Psychology (in progress) 2022 – Present
Pedagogical and Technological University of Colombia (UPTC) Tunja, Boyacá

Relevant Coursework: Probability and statistics, psychometrics, learning, organizational psychology.
